

Next generation of employee-focused, in-restaurant technology, proven to drive **revenue growth**, boost **employee retention** and achieve optimized **operational excellence**.

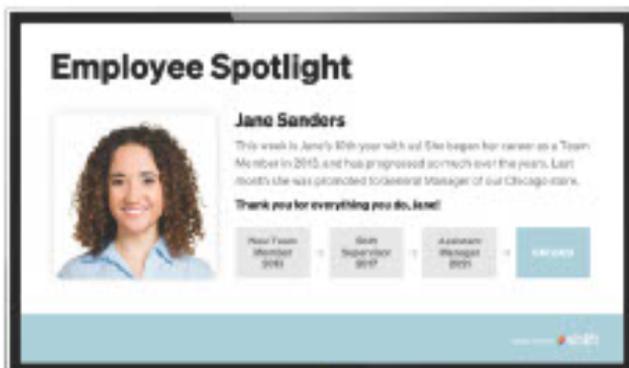

Shift is Proven To Improve:

- **Employee Productivity** through competition designed to drive additional food & beverage revenues and higher-margin items.
- **Operational Excellence** through consistent, contactless communication at scale - controlled franchise-wide and at the individual screen level.
- **Employee Retention** through more personalized & constant employee recognition & a more enriched employee experience
